ACTIVITY ON “BEST OUT OF WASTE”

DATE: 03.10.2023

PLACE: DIGITAL CLASSROOM 1

“Best out of Waste” means reusing useless items to make them useful, attractive and educational. In B.Ed, it’s a creative activity and effective teaching-learning process. It promotes environmental conservation by reusing waste, reducing pollution. B.Ed students can raise awareness among pupils. It boosts creativity and innovation in teachers and students, developing imagination. Useful Teaching Learning Materials (TLM) like charts, models and flash cards can be made at low cost. It helps in making classes engaging and easy to understand the subject topics. When teachers use self-made TLM, student participation increases and it makes learning effective. It builds self-reliance and confidence in students and teachers, aiding personality development. “Best Out of Waste” is vital in B.Ed, promoting environmental conservation, creativity, skill development, and effective teaching-learning. It’s a means to provide quality education with limited resources. These students participated in this activity Sujata Bera, Priyanka Padeya, Nandorani Bodra, Pooja Soren, Simran Kumari, Ajay Sardar, Sarita Purti, Kandri Mahali, Anita Tiria, Lalita Bari, Jyotsna Kisku, Jaymati Laguri, Sweety Kumari, Mousumi Dey, Purnima Gope under the Guidance of Asst.
